

「K-Startup Center 2021」
Announcement of Recruitment of Accelerators
from 7 Countries

Jan, 28, 2021

Minister of SMEs and Startups

1. Program Background

The Ministry of SMEs and Startups (MSS) and the Korea Institute of Startup & Entrepreneurship Development (KISED) is operating the K-Startup Center in order to promote the entry of **Korean growth-stage startups** into overseas markets and to support them in settling into the new markets. MSS and KISED are recruiting accelerators to run local K-Startup Center programs in seven countries in 2021.

Ministry of SMEs and Startups (MSS) is the ministry responsible for policies regarding small and medium-sized enterprises, venture companies, and startups in Korea and oversees not only policy planning, but also support, protection and fostering programs. Korea Institute of Startup & Entrepreneurship Development (KISED) is a public institution under MSS, specializing in providing support to over 5,000 startups annually through entrepreneurship education programs, financial support for commercialization, and support for global expansion.

KISED will select accelerators in 7 locations: Seattle (USA), New Delhi (India), Stockholm (Sweden), Helsinki (Finland), Tel Aviv (Israel) Singapore and Paris (France). The selected K-Startup Center program's accelerators will be responsible for directly evaluating and selecting Korean startups to participate in their program. Startups shall be recruited by KISED, with the focus on leading specialized industries in each country. Upon startups' selection, the accelerators are responsible for conducting a Pre-program (online) in May 2021, followed by a KPI workshop in June and an on-site regular program(or online program) between July and October.

Accelerators wishing to participate as K-Startup Center accelerators are asked to submit their applications by no later than February 21st (Sun), 2021 at 5pm KST (Korea Standard Time).

2. Recruitment Overview

- Goal of Recruitment** : To support successful localized scale-up of Korean startups by selecting specialized organizations to operate K-Startup Center programs in seven countries in 2021.
- Number of accelerators to be selected** : 7 Accelerators
 - Accelerators that have experience supporting startups and have appropriate professional networks in each indicated specialized industry (1 per country, 7 organizations in total)
 - Considering each country's unique startup ecosystem and Korean startups' preferences for market entry, up to two specialized industries per country is designated.
